# Innovative Science for Successful Business

**3rd Partnering Day**  
for Biomedical Research

**October 19, 2006**

Development and strengthening of cooperation between innovative companies and university scientists in the fields of life sciences will be the focus of the 3rd international Partnering Day. This event is jointly organized by the Medical University of Graz, the Cluster Human.technology Styria and the Innovation Relay Centre Austria.

The Partnering Day will offer the possibility to present your technological know-how to regional and international enterprises in the sectors of biotechnology, pharmaceutical industry, medical and biomedical technology, medical and molecular diagnostics, medical informatics as well as implantation and transplantation technologies.

Scientists and companies will have the opportunity to establish contacts, to present scientific results with industrial relevance and to identify new ways for cooperation of mutual interest.

### Companies profit...

... from the technological know-how of the Medical University of Graz and of the life sciences department of other universities. You are welcome to establish contacts to scientists from all fields of medical research, in order to efficiently promote your development. Illustrate your expertise and communicate your requirements concerning research and technology. Present your possibilities to enter into research cooperation either during a short talk, on a poster or during a bilateral dialogue.

### Broad technology platform

Researchers of the Medical University of Graz and of other life sciences oriented universities as well as extramural research organisations are invited. This platform facilitates the discussion of a broad spectrum of biomedical topics. Furthermore the Partnering Day offers the possibility of networking between the attending enterprises.

### Researchers profit...

... from the possibility to contact regional and international companies. Enterprises from all fields of biomedicine are invited. Your conceptions concerning research and development are sought-for. Benefit from the possibility to present your strengths to companies. Illustrate your requests to strong partners from industry. During individual discussions you will get into face-to-face contact with representatives from industry.

## Agenda

- 9.00 – 9.15 Welcome, introduction
- 9.15 – 9.45 **Bioimaging in Endoscopy**  
*DI Michael Speiser, OLYMPUS Austria GmbH*  
*Rüdiger Tamm, OLYMPUS Europe GmbH*
- 9.45 – 10.15 **European Funding Opportunities for Innovative Science**  
*Dr. Sabine Herlitschka, FFG/EIP*
- 10.15 – 12.40 Short talks of researchers and companies
- 12.40 – 14.00 Lunch break
- 14.00 – 18.00 Brokerage event
- Poster exhibition during the entire event

## Organisers

## ...in cooperation with the following partner organisations

## Time

Thursday, October 19, 2006,  
9.00 h to 18.00 h

## Venue

TPA KRONE Center  
Münzgrabenstraße 36  
A-8010 Graz

## Costs per participant

### Universities:

online registration until 05/10/06: €20,-

### Companies and other research organisations:

online registration until 05/10/06: €90,-

### Fax/e-Mail registration:

Registration after 05/10/06: €200,-

HTS cluster members: 35 % discount

## Registration

[www.meduni-graz.at/partneringday](http://www.meduni-graz.at/partneringday)

## Participation without presentation

Please register online (homepage: "Registration & Login").

## Short talk (5 min max.) /poster

Please register online ("Registration & Login") and fill in the cooperation profile in English language.

All transmittals will appear on the homepage. The acceptances for contributions selected for presentations will be mailed after the deadline.
