# Projects, People & Science Communication

**Discover what your colleagues are working on and share what you are doing.**

We invite all interested BOKU colleagues to join the third "Missionswerkstatt" networking event, organized as part of the project "Unsere Mission: Gesunde Böden und Gewässer."

Discover the range of research and science communication activities related to the EU Missions Soil and Ocean & Waters across BOKU institutes. Meet colleagues, get inspired, exchange experiences, and explore new opportunities for collaboration in an open and informal setting.

**Registration via LimeSurvey**  
until 22 September 2026
