

Josef Umdasch Platz 1, A 3300 Amstetten, Austria

With its Doka Formwork Technology (concrete formwork) and Umdasch Shopfitting Group divisions and a worldwide workforce of around 7000 people, the Umdasch Group is one of the biggest timber-processing companies in Europe. In 2007, revenues at the Umdasch Group passed the billion-euro mark, making it one of Austria's premier private companies. With its export ratio of nearly 90 % and its 140 or more branches in over 60 countries, it is also one of Austria's most active global players.

In memory of Josef Umdasch, the founder of the Umdasch Group, entries are invited by the Vienna University of Natural Resources and Applied Life Sciences for the

Josef Umdasch Research Prize 2008

This international competition is endowed with EUR 30,000 of prize-money.

The prize is awarded for outstanding achievements in the field of forestry and timber science, having particular regard to

- innovations, improvements and environmental issues relating to the working, processing and utilisation of wood,
- new cultivation methods, environmentally sound timber harvesting and new reforestation methods, and
- work on the "timber value chain", encompassing silvicultural timber production, working, processing and utilisation of wood from a holistic perspective.

The Josef Umdasch Research Prize can be awarded to persons of any nationality who have produced outstanding research and development work in the above fields.

Deadline for the submission of entries: 15th May 2008

Entries, in either English or German, should be sent to the office of the Rector of the Vienna University of Natural Resources and Applied Life Sciences, attn. Dipl.-Ing. Dr.techn. Ingela BRUNER, Peter Jordan-Strasse 70, A 1190 Vienna (Tel.: +43 (0)1 47654 1000).

Information on the Josef Umdasch Research Prize may be found online at www.umdasch.com and www.boku.ac.at.
