BOKU Graduate Survey

Dear graduate,

I would like to invite you to participate in the graduate survey of BOKU Vienna. The aim of this survey is to get an overview of your current situation and your professional career after graduating at BOKU. How do you evaluate the time of your studies retrospectively? Have you started other studies? Are you employed? Is your current employment appropriate to your course of study? Etc. Your experiences will contribute to the enhancement of the quality of study programs and teaching. Each contribution is important to get meaningful results! We need a high number of survey participants to achieve a comprehensive picture of BOKU graduates.

The survey will be conducted online. In order to fill in the questionnaire please visit the following website and enter your personal access code.

Survey: https://koab.istat.de/p/wien_boku/
Your access code: Please find your personal access code in the e-mail text.
The codes are case sensitive.

Participating in this survey will take you about 30 minutes. The questionnaire is anonymous and subject to strict data protection regulations. There is no possibility to identify individual persons.

As a small sign of appreciation, there will be a lottery for the survey participants. You have the chance to win vouchers for personal career coaching, vouchers for books and BOKU Goodies bags. You may find detailed information on our project homepage: <https://www.boku.ac.at/absstudien.html>. For any further questions, please contact Ms. Wagner by telephone (+43 - 1 - 47 654 - 10452) or by e-mail (elfriede.wagner@boku.ac.at).

On behalf of BOKU Vienna I would like to thank you very much in advance for your participation!

With kind regards

Univ.Prof. Dipl.-Ing. Dr.nat.techn. DDr.h.c. Hubert Hasenauer
Rector of University of Natural Resources and Life Sciences Vienna
