Duration of employment: 20<sup>th</sup> of September 2021, limited to 16<sup>th</sup> of July 2022

Workplace: 1180 Vienna

Gross monthly salary and pay grade in terms of collective agreement for university staff (payable 14 times per year): B1 lit. b, € 3.945,90

We are looking for an ecologist with experience in aboveground biodiversity research, including the design and implementation of large-scale monitoring projects, to replace a researcher who is in paternal leave.

### **Responsibilities**

- Design and conduct research projects on biodiversity, preferably biodiversity monitoring
- Publish in peer-reviewed journals
- Take over the teaching responsibilities of the position holder and optionally offer new courses (max. 8 hours per week)
- Participate in administrative activities of the institute

### **Required skills and qualifications**

- Doctoral degree/PhD in biology, zoology, ecology or comparable studies
- Publications in relevant peer-reviewed journals
- Ability to work in a team
- Very good knowledge of written and spoken English

### **Desirable skills and qualifications**

- Relevant teaching experience
- Experience in the supervision of students
- Experience in the management of research projects and in the acquisition of third-party funds

Applications can be submitted until: 12<sup>th</sup> of May 2021

University of Natural Resources and Life Sciences Vienna seeks to increase the number of its female faculty and staff members. Therefore qualified women are strongly encouraged to apply. In case of equal qualification, female candidates will be given preference unless reasons specific to an individual male candidate tilt the balance in his favour.

People with disabilities and appropriate qualifications are specifically encouraged to apply.

Please send your job application as a single PDF-file incl.

- motivation letter
- CV
- a list of publications and
- a short description of a proposal for a research project focussing on biodiversity monitoring
