Required skills and qualifications

- Doctoral degree/PhD in Biology, Ecology, Forestry or similar field
- Language skills: English
- Experience and proven ability to conduct research in forest ecology, tree reproduction and climate change research or adjacent fields
- Publication record in internationally leading journals according to research experience
- Advanced data wrangling and analysis skills for large data sets in R, Python or similar platform
- International network of research partnerships

Desirable skills and qualifications

- Didactic training and teaching experience
- Mentoring of undergraduate and graduate students
- Experience in acquiring third-party funding

Applications can be submitted until: 29th of May 2025

University of Natural Resources and Life Sciences Vienna seeks to increase the number of its female faculty and staff members. Therefore qualified women are strongly encouraged to apply. In case of equal qualification, female candidates will be given preference unless reasons specific to an individual male candidate tilt the balance in his favour.

People with disabilities and appropriate qualifications are specifically encouraged to apply.

Please send your job application incl.

- Motivation letter
- CV
