

Course announcement

Glycan Function (in English), 772.002

Lecturer: Professor Ronald Schnaar
(Visiting Professor from Johns Hopkins University,
Baltimore, USA)

LECTURE CONTENT

Saccharides & The Glyco

World

Glycoproteins

Glycolipids & GPI anchors

Hyaluronan &

Proteoglycans

Protein-Glycan Recognition

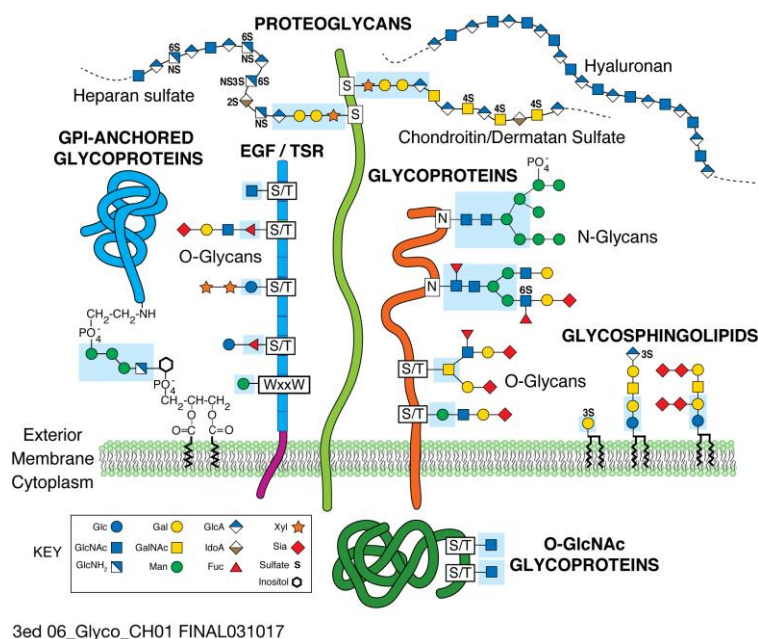

Glycan Binding Protein

Functions

Glycomics & Analytical

Glycobiology

Glycans & Disease

Each afternoon over a two week period in May 2017 there will be a ~1.5 hour lecture, a break, and then a 45 min journal club type interaction

Di 09.05.2017	14:00	16:30	Besprechungsraum Chemie (MUG2-03/64.1)
Mi 10.05.2017	14:00	16:30	Besprechungsraum Chemie (MUG2-03/64.1)
Do 11.05.2017	14:00	16:30	Besprechungsraum Chemie (MUG2-03/64.1)
Di 16.05.2017	14:00	16:30	Besprechungsraum Chemie (MUG2-03/64.1)
Mi 17.05.2017	14:00	16:30	Besprechungsraum Chemie (MUG2-03/64.1)
Do 18.05.2017	14:00	16:30	Besprechungsraum Chemie (MUG2-03/64.1)

Prof. Schnaar will also hold a research seminar on Monday 8th May 2017 in Seminar Room 12 (Muthgasse 11) entitled "Glycan chemical signals for human immune system regulation"

For further details refer to BOKU Online.
