

# PhD students wanted

Advanced  
Biorefinery:  
Chemistry  
and Materials  
**ABC+M**  
**PhD**  
**school**  
University of  
Natural  
Resources  
and Life  
Sciences,  
Vienna  
(BOKU)

The BOKU Biorefinery center (ABC+T) and the new doctoral school ABC+M combines research on basic and applied aspects for biorefinery, chemistry of sustainable resources, biomaterials and analytical methods at BOKU – UFT Tulln.

The research projects are co-financed by industrial partners (Mondi, Lenzing AG, SCA, Essity; Acticell, ...) and cover topics in the field of sustainable chemistry, specialty cellulose, papers, textiles and extractives from wood.

For the current call we are looking for motivated chemists (analytical, polymer, organic, food ...).

We offer state of the art working environment, a motivated team, experienced PIs, international and industrial cooperation.  
Working language – English.

Start:	March 2018
Payment:	30h/week, 3 years, ~ 2100 € brutto / 14 x p.a.
Place of work:	BOKU - UFT , Tulln and Vienna
