

WANTED: Designers, developers, engineers, app developers, environmental system scientists and all other students interested in green tech

GREEN TECH JAM - Interdisciplinary student hackathon: "Code & Concept for Green Tech"
8th and 9th of March 2019 @ TU Graz, Campus Inffeldgasse, 8020 Graz

- Want to get together with a bunch of creative and talented people and create digital solutions for international technology leaders in the field of green tech?
- Want to try out some new and whacky stuff and have a lot of fun?

Come and join us at the GREEN TECH JAM hosted by TU Graz (Interactive Systems and Data Science, Johanna Pirker) and Green Tech Cluster Styria. The results will be presented in 10 minutes pitches in front of a professional jury. **Prize money of € 5.000 will be divided between the best 3 solutions!** **Plus additional non-cash-prizes and a Tesla ride is waiting!**

Do I need to be a programmer to participate in the Green Tech Jam 2018?

Although having computer skills is helpful, in-depth experience is not necessary: Designers, developers, engineers, environmental system scientists and all other students interested in green tech are welcome. **It is about interdisciplinarity!**

FAQ & free registration: www.greentech.at/jam2019/

The number of participants will be limited to 50 jammers!

5000 €
for the
winning teams!
