

## **New Meconematinae from Thailand (Ensifera: Tettigoniidae)**

The present paper provides descriptions and diagnoses of three new taxa from Thailand: *Satunia* gen. n., with one species, *S. tassirii* sp. n. and *Alloteratura kuehnelti* sp. n. The hitherto unknown male of *Xiphidiopsis cryptosticta* Hebard, 1922 is described and diagnosed.
