KLIMA BIENNALE VIENNA

Invitation

We would like to invite you to our Finissage of the exhibition WHAT's NEXT.

Time: 28th June 2024, 6pm

Place: Garage Grande, 1160 Vienna

WHAT's NEXT explores different ideas about the design of territories, cities, and landscapes to foster coexistence and create liveable climate-just futures. Through environmental **speculative visions**, revealing and encouraging **transformations** in the scope of landscape architecture, urbanism, and planning, WHAT's NEXT unravels counterprojects, visions, scenarios, and driving **agencies**.

The exhibition is a collaborative project of the Klima Biennale Vienna 2024 and a joint venture between the **Institute of Landscape Architecture** at BOKU University and the Section of Environmental Technology and Design at **Delft University of Technology**.

Let's celebrate together, hope to see you there!
The WHAT's NEXT Exhibition Team
