 Live streaming on the website! Use QR code

The Women in Architecture seminar is an international, multi-generational discussion, held in Valencia on May 22. The event develops from the 1975 edition of AD on Women in Architecture and explores a wide range of work from across the globe. The event will be streamed, for those not able to make it to Valencia

We expect each participant coming to Valencia to report on the professional situation of women in architecture in their country including figures of the total number of architects and the percentage of women architects.

There will be sessions organized to discuss:

- 1) the questionnaire
- 2) criteria to select 100 women and men architects in each country
- 3) management of the received information
- 4) themes for the proposed March 2017 issue of AD and AA workshop 7.11.16
- 5) organizations and people
- 6) dissemination and networking
- 7) events
- 8) Funding

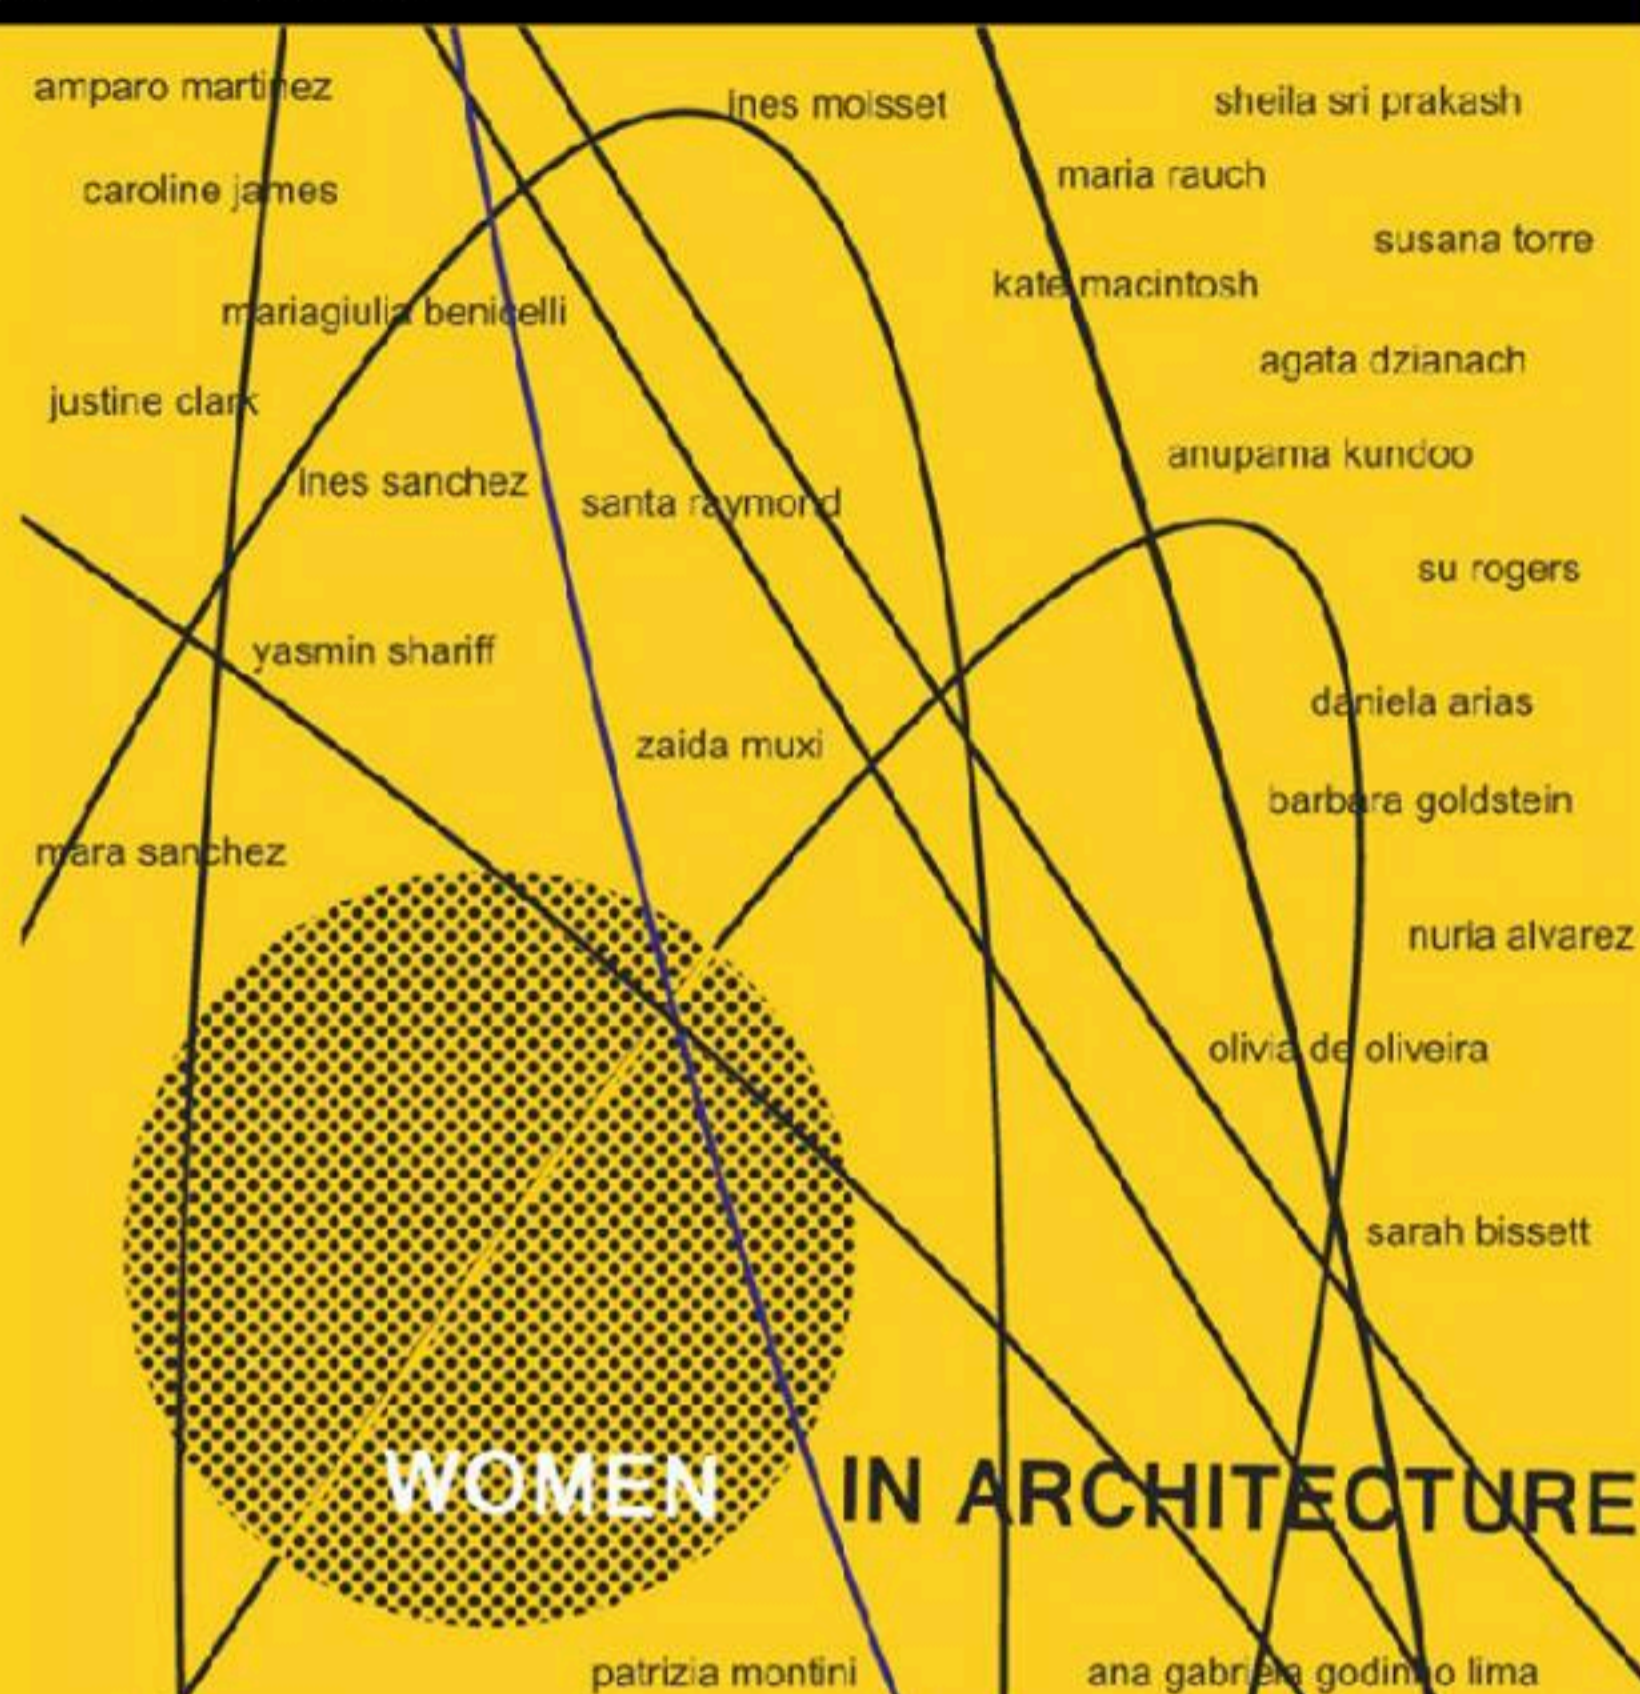

This event is funded by Universitat Politècnica de València, School of Architecture in UPV, Architectural Projects department at UPV, Chamber of Architects in Valencia and hna (Hermandad Nacional de Arquitectos insurance group). Thanks!!

AD contributors	 Kate Macintosh	 Santa Raymond	 Su Rogers (Skype)	 Barbara Goldstein (*)
