

Vortragsreihe

Angewandte Geologie

Wintersemester 2026

Ort Peter Jordan-Str. 82, 1190 Wien
und via ZOOM (<https://boku.ac.at/lawi/ageo>)
Mail: iag@boku.ac.at Tel.: +43 1 47654 87200
Ort: Seminarraum EXNH-U1/36

11.
Nov. 2026
17:15 Uhr

Gabriele Amato

Gravitational Natural Hazards Competence Unit, GeoSphere Austria

Deep seated landslide monitoring and
characterization by the means of remote
sensing and in situ investigations

09.
Dez. 2026
17:15 Uhr

Gregor Ortner

Gravitational Natural Hazards Competence Unit, GeoSphere Austria

GeoSphere Austria's work on gravitational mass
movements: From documentation and monitoring
to 3D-Modeling

13.
Jan. 2027
17:15 Uhr

Eva Mencin Gale

Geological Survey of Slovenia, Department of Regional Geology

Pliocene-Pleistocene fluvial sedimentation and
landscape evolution in the Southeastern Alpine
Foreland (Slovenia)
