Call for Applications: Re-invitation Fellowship for International Research Alumni

The University of Hohenheim is looking to strengthen its cooperation with its international research alumni in the strategic area of Bioeconomy. The goal is to initiate research partnerships in Bioeconomy and sustainably expand the Strategic Network.

With the re-invitation fellowships, international research alumni have the opportunity to push forward their research in this future-oriented topic.

The contacts and networks of the Hohenheim Research Center for Bioeconomy can be used to strengthen and expand your own network in the scientific community.

The research stay is limited to a maximum of 3 months and must be started in 2015.

Requirement:

As international research alumni of the University of Hohenheim, you studied in Hohenheim or carried out part of your research work here.

Fellowship:

The fellowships are a maximum of **3000,- € per person** for the entire duration of the stay and are calculated individually based on the current country of residence.

Application documents:

- Application form (www.welcome-center.de)
- Acceptance and approval of a work station on the form (www.welcome-center.de)
- CV

Please send your application documents via post or e-mail to:
