

Dear Partner,

We are glad to invite you to our **Montpellier SupAgro International Days 2018** which will take place from **Tuesday March the 6th to Thursday March the 8th, 2018 in Montpellier.**

During the International days Montpellier SupAgro will organize a **Study Abroad Fair on March the 8th**. The objective is to encourage our students to study abroad and to help them in defining their mobility project by introducing them to our international partner universities. We would be pleased to welcome one or two representatives of your university to promote your institution at this fair.

The main focus of the International Days will be **workshops on the Bologna process**.

As you may know, Paris is hosting in Mai 2018 (from 23rd to 25th May) the Bologna Ministerial Conference. In this context, French government enhances the organization of preparatory events and our third International Days event will be certified "Bologna 2018". Here you have the 3 topics which will be approached during this event:

- **Workshop 1:** Exchange of good practices on capacity building programs
- **Workshop 2:** Building double and joint degrees: impact on internationalization of students and institutions?
- **Workshop 3:** Innovative pedagogy and internationalization at home

We are convinced that by putting our expertise together we will be able to produce fruitful contribution to the Bologna Process and to the internationalization of our institution. If you have any particular expertise or a project in one of these 3 topics you would like to present during this event, please contact Stéphanie Thiesse by email at stephanie.thiesse@supagro.fr.

Also, during our International days, you will have the opportunity to meet your counterparts, visit our campuses and social activities can be proposed such as city tour. You will find below the full program of the International Days.

The participation to the event is free, meals (Tuesday, Wednesday, Thursday: lunch and dinner) and coffee breaks are included.

Please note that we are unable to cover the costs of any of the fees related to the transportation and the accommodation. Erasmus Plus partners can use the Erasmus Staff fellowships. You will find attached a series of practical information (hotels, transportation, etc.) useful during your stay.

We recommend the interested participants to fill in the following application form as soon as possible, until February 12th at noon . Link to the Google Form by clicking.

We look forward to welcoming you to Montpellier SupAgro in March 2018!

Best Wishes from Montpellier,

Dominique Louette & Alice François, International Relations and Languages department
