

**The EPICUR Alliance cordially invites you to its
EPICURtalks SUMMER SOCIAL on July 6th, 2021, at 5.30pm (CET)**

As temperatures rise and semesters close in our partner universities, our [EPICURtalks - Series](#) also heads for a summer break. But before we all head off to well-deserved vacations, the EPICURtalks ends its first successful semester with a less formal gathering: EPICURtalks first ever virtual apéro. This event will be an opportunity to exchange with colleagues from all partners about the semester, the EPICURtalks you have attended throughout the semester, and perhaps even find partners for future collaborations in EPICUR.

The Freiburg EPICUR team will organize some joint activities to jump start networking and exchange and then leave a lot of space for interaction and individual conversations.

Finally, the EPICUR team at University of Freiburg, Karlsruhe Institute of Technology and Aristotle University have been hard at work to create an [EPICUR Community of Teaching & Learning](#) for teaching and educational staff. The EPICURtalks Social will be an opportunity to catch a first glimpse of this exclusive repository for didactic treasures.

While you have to bring your own apéro, we will certainly bring the entertainment. To set the mood, we also provide a few of our [EPICouch backgrounds](#) and invite you to share your favorite insider tips for summer vacationers on our [scrumblerboard](#).

To join our EPICUR Community Platform, follow these 3 steps:

- 1) Login to [EIUC](#)
- 2) Join the [Community](#)
- 3) Join the [EPICURtalks group](#)

Register now until July 5th. Please RSVP to: k.kiefel@zv.uni-freiburg.de or register directly via the EPICURtalks group on the Community Platform
