Re: Jogja International Model United Nations (JOINMUN) 2022 Invitation Letter

Jogjakarta, 5 September 2022

Dear Our Valuable Partner Universities,

Greetings from Gadjah Mada University. My name is Wan Mohammad Alvaro Anza and I am writing to you as the President of Jogja International MUN (JOINMUN) 2022, arguably one of the most prestigious Model United Nations conferences in Indonesia. This year, JOINMUN marks its 11th consecutive session, with 800+ youths coming from over 20 countries across the region joining our conference in the past years. Under the supervision of the Universitas Gadjah Mada MUN Community, JOINMUN seeks to provide a platform for youths to deepen their understanding of international relations and current world issues. **This year, JOINMUN has a big aim of extending scholarships to university students across Asia, Europe, and North America to serve the purpose of upholding youth-based knowledge transfer and internationalism.**

In its eleventh year, JOINMUN 2022 seeks to create a dynamic and upbeat online conference that will be held **virtually from September 30th– September 2nd, 2022**. Under the grand theme of “**Global Community Reconstruction: Towards a Peaceful and Prosperous Future**”, JOINMUN 2022 invites delegates to redesign, reconstruct, and recover global relations by enhancing partnership and collaboration in a series of debates addressing issues from conflict resolution, digital transformation, to climate action. We believe that global resilience can start through intercultural exchanges of ideas and cooperation between nations. As such, JOINMUN 2022 may serve as a positive platform to build mastery on diplomacy, public speaking, researching, critical thinking, writing, and debating, as well as invite potential future leaders to hone their leadership in solving complex issues.

Through this letter, I am pleased to extend an invitation to be a partner of Jogja International MUN 2022. I strongly believe that this institution would find the scholarship beneficial as it will give your students the chance to learn and expand their horizons on contemporary global issues. Regarding our scholarship scheme, we are planning to invite approximately 70+ world-renowned universities. Our scholarship will offer a **free pass for 5-10 students** to act as delegates and representatives of your institution, as long as the related students are **registered as official and active university students under the name of your institution.**

Should you agree to this, I would appreciate it if you can appoint a contact person or an officer that can be tasked to work with us on this. We expect this contact person to send out information to students on this matter. If you have any questions or concerns, please do not hesitate to reach out to our contact persons*, or by replying to the email sent by us.

We look forward to your positive response.
