

JOGJA INTERNATIONAL MODEL UNITED NATIONS 2022

**"Global Community Reconstruction:
Towards a Peaceful and Prosperous
Future"**

JOINMUN 2022

JOINMUN 2022

Wan Mohammad Alvaro Anza

President of Jogjakarta International MUN 2022

It is truly an honor for me to be entrusted with the opportunity to direct this year's Jogja International Model United Nations 2022 or also infamously recognized as JOINMUN. The year 2022 marks the eleventh celebration of this historic event. Over the years, it has been the landmark of the Indonesian MUN circuit—celebrating knowledge exchange and incorporating Jogja's rich cultural heritage. JOINMUN's legacy has been recognized by delegates and MUN enthusiasts from and beyond Indonesia. While preserving the most prominent JOINMUN feature of representing Javanese culture, this year, we bring forth a new concept: its acculturation with the Chinese culture from Yogyakarta's Keraton.

JOINMUN 2022 will be adopting the grand theme of "Global Community Reconstruction: Towards a Peaceful and Prosperous Future" being reminded that the international community is undergoing reconstruction post-pandemic. We have experienced uncertainties for the past couple of years, and the few upcoming years will probably be no different; nonetheless, JOINMUN attempts to advance the idea of reintegration and normalization of society's daily lives. JOINMUN will also be the benchmark of our success in overcoming the hurdles of the pandemic.

Therefore, we believe that it will be in your companies' best interest to invest in the most prestigious and promising Model United Nations in Indonesia and Southeast Asia. JOINMUN this year will also be expanding its scopes to accommodate delegates from various timezones, making a breakthrough in the MUN circuit, an opportunity that will be auspicious and rare. Your contribution would be highly appreciated as we intend to promote positive values and introduce Yogyakarta and Indonesia to delegates around the world. Consequently, JOINMUN will also continue to uphold its transcendence and be the platform for knowledge transfer.

Sincerely,
Wan Mohammad Alvaro Anza

Introduction

Model United Nations

Model United Nations, commonly known as Model UN or MUN, is an extracurricular activity in which students pose as UN delegates and emulate UN committee meetings striving to address real-world problems using their given actor's policies and viewpoints. This activity occurs during MUN conferences, which are often held in middle school, high school, or varsity levels organized by MUN groups. Most conferences acknowledge and offer certificates to exceptional delegates in each committee at the end of the conference; nevertheless, the Best Delegate in each committee receives a gavel. The simulation of the United Nations necessitates a wide range of abilities and continuous practices in several skills, such as extensive and in-depth researching, public speaking, writing skills, as well as critical thinking, collaboration, negotiation and leadership ability.

UGM MUN Community

The UGM MUN Community is a Model United Nations community in Universitas Gadjah Mada (UGM) established on 17th of September 2008. Today, the UGM MUN Community is under the supportive harbourage of Institute of International Studies (IIS) of UGM. Until today, this distinguished community has assisted more than 800 students from 10 different faculties of the university. Not only that, the UGM MUN Community also sends more than 5 delegations to participate in various prominent and prestigious international Model United Nations conferences every year, including the oldest and the most respected Harvard National Model United Nations (HNMUN), Harvard World MUN (HWMUN), Asia-Pacific MUN (AMUNC), Beijing MUN (BMUN), Korea MUN (KMUN), Victoria MUN (VIMUN), Singapore International MUN (SMUN), Berlin MUN, Nanyang Technological University MUN (NTUMUN), and Hong Kong Joint Institutions MUN (HKJIMUN).

Introducing JOINMUN 2022

JOINMUN 2022 marks the 11th annual conference, we have been known for the incorporation of MUN and Javanese culture's goodness and this year, we will continue to preserve its uniqueness. Attempting to conquer the past challenges and uncertainties, consequently, we will still be bringing the euphoria of MUNs and its intriguing social experience.

The Expansion and Integration

This year's JOINMUN will bring forth new innovations in the history of JOINMUN as well as the Indonesian MUN circuit. We will be adopting the concept of Yogyakarta's cultural melting pot, pointing out the Chinese heritage in the Javanese culture and Yogyakarta's Keraton. Marking the 11th annual event, JOINMUN feels the necessity to be expanding its horizons, and this year we will be going big by attempting to reach more international delegates by extending partnerships to universities and scholarship offers to various student associations across Asia, Europe, and North America.

Participational Benefits

Five to ten delegates from respective university partners will be given a FREE ENTRY. The delegates will also receive a CERTIFICATE (if they attend the minimum council sessions as stated in rules) as well as DELEGATE KIT.

Global Community Reconstruction

Towards a Peaceful and Prosperous Future

The global pandemic has deeply disrupted essential elements of global order and unfolded hidden truths, shifting multiple interrelated spheres of international politics. As conflicts persist, world leaders join efforts to deescalate rising tensions while on the other hand, people around the world struggle to make ends meet. Hence, in order to ensure an inclusive, equitable, yet smooth realignment of our global outlook, attaining a solid multi-dimensional bridge between stakeholders is crucial.

A journey to achieve international stability begins with a single step. In our eleventh annual session, JOINMUN seeks to promote an international cooperation that attempts to redesign, reconstruct, and recover fundamental aspects of global dynamics. Aligning to the global collaboration, JOINMUN 2022 has prepared refined debates, ranging from conflict resolution, digital transformation, to climate action. Therefore, to keep up with the constantly evolving nature of world affairs, we must brace ourselves to overcome the imminent waves ahead and set sail towards a peaceful and prosperous future.

Past Par

As a recognized international MUN based in the cultural hub of Asia, JOINMUN has been accommodating delegates from various parts of the world. Participants from all over the world compete together in competitive councils to debate on challenging topics. To maintain its competitive edge, JOINMUN also shares a history of inviting participants from all over the world. In competition being held online, JOINMUN prides itself on its wide outreach and the broader Asia continent. In order to maintain its increasing popularity, JOINMUN has participated in various international MUN competitions.

partici

Participants

of Jogjakarta, Indonesia, JOINMUN boasts a successful history of participants from more than 50 institutions across more than 20 countries worldwide, addressing global issues in the spirit of fostering international cooperation. To ensure credible judges across 5 continents and 12 countries. Despite the wide reach to international participants—among most in Southeast Asia—this year's participation streak, this year's target participants will be 400 participants.

Code of Conduct Online

Adhering to the health guidelines of the Indonesian Ministry of Health to halt the transmission of the virus, we are proposing to conduct the event in an online mechanism. Aside from that, we also emphasize prioritizing the health of our delegates and committees based on our safety, health, and environment measurements. Furthermore, we prioritize JOINMUN's internationalism over an offline conference, where chairpersons and delegates may be posed with risk of COVID-19. We prioritize the safety and insurance of health of our delegates and chairpersons as our utmost priority.

1. Venue

The venue for this event will be held using a Zoom platform as stated in our Code of Conduct.

2. Target Participants

The target participants this year will be 400 participants.

JOINMUN Goals

We are devoted to giving students equal access and opportunities to develop into world leaders of our future by familiarizing them with the world of the United Nations through the platform that best captures its essence in order to strive for a better tomorrow.

We are devoted to implanting and refining highly professional youths in various fields such as social, political, legal, environmental, security, and economy as an investment in becoming a human bridge that connects us both locally and globally, through States and NGOs alike.

We are devoted to building students' mastery in diplomacy, public speaking, researching, critical thinking, writing, and debating, as well as honing interpersonal capabilities like teamwork and leadership as an essential skill set to navigate the twenty-first century.

We are devoted to playing a part in increasing the welfare of our local communities through material and/or non-material means by learning and understanding relevant social problems and finding solutions.

We are devoted to finding the answers to the world's most pressing issues such as the protection of human rights, regional and cross-border military tensions, crime prevention, economic issues of the underdeveloped and developed, and an array of other developing discourses that are becoming increasingly salient in the world at present and the world in the future.

Conference Agenda

Pre-Event

JOINMUN 2022 Pre-Event will be a series of two lectures featuring diplomats, NGO representatives and foreign policy experts who will speak on a specific topic relating to JOINMUN's council.

The series will be conducted between the period of July until August as it serves to increase JOINMUN's exposure to university students and foreign policy enthusiasts. All series of the pre-event will be free of charge to ensure accessibility and inclusive participation.

Upon completion, the committee will provide E-certificates and JOINMUN E-voucher discounts to all lecture attendees.

Conference Agenda

Opening Ceremony

Yogyakarta as the host of JOINMUN is a warm and diverse city, in this regard this year's theme raised by JOINMUN 2022 is entitled "Yogyakarta as a Cultural Melting Pot".

JOINMUN 2022 aims to warmly welcome delegates from various backgrounds to enjoy the diversity and acculturation of Javanese and Chinese cultures that are inherent in the identity of the City of Jogja. This year's conference is back as a forum for those who want to learn and hone their diplomacy, negotiation, and public speaking skills through simulations of UN councils

JOINMUN 2022 has prepared procedures and safe spaces for delegates from all scales of experience to learn, as well as workshops and high-caliber speakers who are experts in their fields to help enhance delegates' knowledge before the committee session starts.

Conference Agenda

Committee Session

The core of the JOINMUN 2022 event is the committee session where delegates contribute to the dynamics of the UN council model discussion.

Just like previous years, this year's JOINMUN will appoint 10 councils with diverse intricacies, encompassing various scopes of international issues. With this, both beginner and experienced delegates will get the opportunity to choose a council based on their interests and abilities.

In addition, the committee session, which will be held for two consecutive days, is expected to be a platform for delegates to hone their skills in discussion, cooperation, diplomacy, and negotiation by becoming a representative of a country or international figure.

Conference Agenda

Social Night

Despite being a complimentary to the substantial committee sessions, Social Night is still the most awaited part of JOINMUN as it serves as a social function where delegates are free to mingle.

After a sequence of heated debates, JOINMUN participants are welcomed to enjoy their evening by interacting at the social night events. This activity presents entertainment that can lighten the atmosphere and increase the bond between delegates before continuing with the next committee session the next day.

Conference Agenda

Closing Ceremony

Closing ceremony marks the end of the substantive committee session and the exciting social night. To close the JOINMUN series of events, the closing ceremony is held to celebrate and remind the participants of their efforts for the last three days

Awarding Night is one of the highlights of the session that the participants can look forward to as a form of appreciation for their hard work. The awarding session, accompanied by spectacular performances from various performers, has also become the hallmark of the closing ceremony, marking it a celebration for all parts of JOINMUN 2022.
