Log into your BOKUonline account → Select Course Registration

The screenshot shows the BOKUonline interface for course registration. At the top, there is a green navigation bar with a menu icon and the text "BOKUonline". Below this is a "Courses" section with a home icon. The main area contains filters for "Term" (set to "2022 S"), "Curriculum" (set to "All"), and "Organisation" (set to "University of Natural Resources a ..."). A search bar with a funnel icon prompts the user to "Filter by course number, course title or person". To the right of the search bar are two buttons: "Filter" and "Title (ascending)". Below these are two course listings. Each listing includes a course number, title, semester and credits (VU | 2 SH), lecturer names, and a "Go to course registration" button. A green bar at the bottom of the slide contains the date "26/02/2024".

Term	Curriculum	Organisation
2022 S	All	University of Natural Resources a ...

Filter Title (ascending)

Course Types

- **Lectures (VO):**
Attendance not compulsory (but tell your teachers before missing classes, arriving late or leaving early, at least in smaller groups)
- **Exercises (UE) and Seminars (SE) and Excursions (EX) and most other course types (also mixed types):**
Attendance is compulsory
(usually you are allowed to miss 2 to 3 classes → check with the teacher)

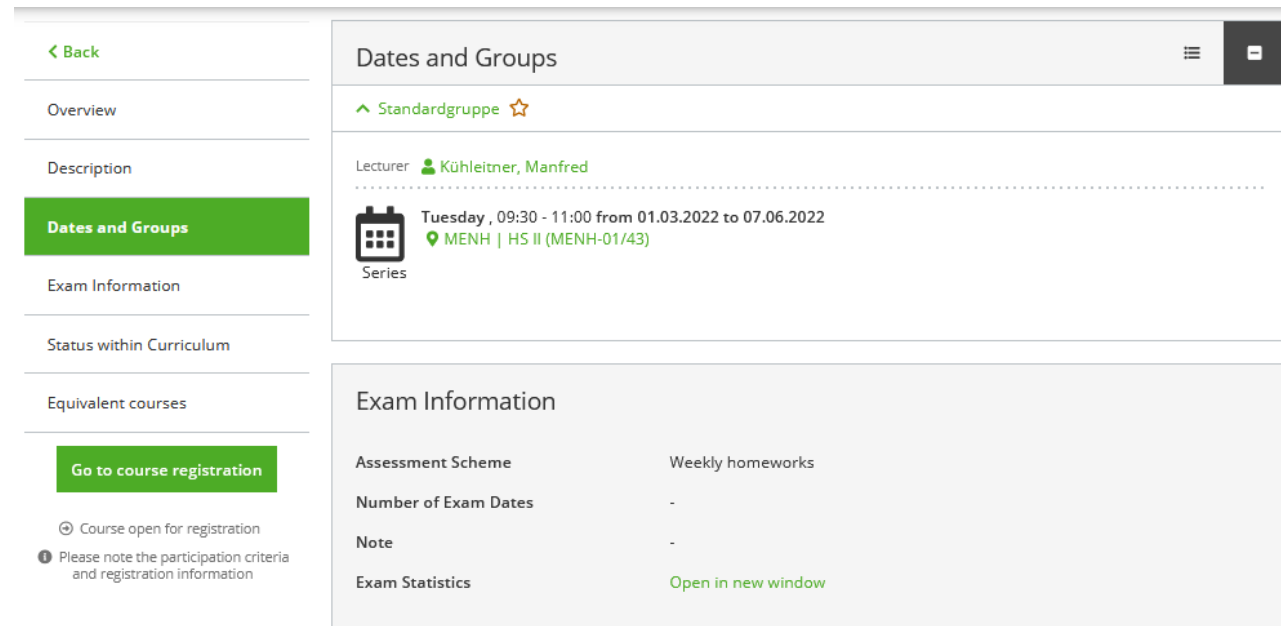

Other course types: www.boku.ac.at/int-in-boku-coursetypes-en.html

Course Schedule

Courses run either

- for the whole semester, usually 2 “hours” a week (= 2x45 minutes) or
 - for shorter periods → “blocked courses” (e.g. one or two weeks, several days in a row, ...)
- no fixed time frames
- check scheduled dates for each course in the course description in BOKUonline

The screenshot shows the BOKUonline interface for a course. On the left is a sidebar with navigation links: < Back, Overview, Description, **Dates and Groups** (highlighted), Exam Information, Status within Curriculum, and Equivalent courses. At the bottom of the sidebar is a green button 'Go to course registration' and a note: 'Course open for registration' and 'Please note the participation criteria and registration information'. The main content area is titled 'Dates and Groups' and includes a 'Standardgruppe' link, the lecturer 'Kühleitner, Manfred', and a calendar icon. Below the calendar icon, it states 'Tuesday, 09:30 - 11:00 from 01.03.2022 to 07.06.2022' and 'MENH | HS II (MENH-01/43)'. The 'Exam Information' section at the bottom lists 'Assessment Scheme' as 'Weekly homeworks', 'Number of Exam Dates' as '-', and 'Note' as '-'. It also includes a link for 'Exam Statistics' that opens in a new window.

Course Schedule

Usually it takes a few weeks until
your individual course schedule is
fixed

→ don't panic,
just enjoy the
flexibility

Exchange students can **change** their **learning agreement** after **14th of March**
(information will be sent out by e-mail)
→ look for alternative courses on time!

Course Schedule

Make sure to:

- register for alternative/backup courses
- consider the expected/required previous knowledge for every course (see course description)
- consider time to commute between the campuses
- attend the first class of each course (otherwise you might get deregistered)
- deregister from courses that you do not take (during the registration period)
- contact teachers if necessary (secretariats for administrative info)

Challenges Course Registration

1. Overlaps

- attendance not compulsory, overlap only once or twice → registration still possible
 - Attendance compulsory, overlap throughout the whole semester → choose another course
2. Courses are already full and you are on the **waiting list** (reasonably low number) → **send e-mail to the teacher** (exchange student) **and go to the first class** (usually some students do not show up and will be deregistered)
 3. The course **registration** is already **closed** → e-mail to the teacher
 4. The course can not be found in BOKUonline or the **registration** is **not open yet** → e-mail to the secretariat of the institute offering the course
 5. A course is only open for a specific study programme → e-mail to the teacher and ask for an exception for exchange students
