# Paper Panic!

## Managing Research Data Publishing Requirements

PART OF THE RESEARCH DATA MANAGEMENT AND OPEN SCIENCE SEMINAR SERIES

### What's Happening?

This new seminar series features brief expert presentations followed by interactive Q&A sessions!

### Who is Presenting?

Representatives from UNIVIE's in-house repositories, PHAIDRA and AUSSDA, will explain how data archives can boost the visibility of your research and help you meet funder and publisher requirements. Learn how repositories work, why they matter, and how they support you in sharing your data effectively.

### What Topics will be Discussed?

Your questions will guide discussion, but here are some important topics:

- How data repositories benefit you and increase research visibility!
  - How to select the best forever-home for your data.
  - Tips and Tricks for working collaboratively with a repository.

### Location and Time

**March 5, 2025**

from 12:00pm-1:00pm  
in UBB Seminar Room 3.1

or
