

ECOCIDE

“the extensive damage to, destruction of or loss of ecosystem(s) of a given territory, whether by human agency or by other causes, to such an extent that peaceful enjoyment by the inhabitants of that territory has been or will be severely diminished.”

"The Earth is in need of a good lawyer."

This realization led award winning author and international lawyer Polly Higgins to dedicate her life to the creation and implementation of laws that stop the destruction of our ecosystems and promote the green economy. In March 2010 she proposed to the United Nations that Ecocide be made the fifth Crime Against Peace. Polly Higgins has been voted one of the “World’s Top 10 Visionary Thinkers” by the Ecologist and named “the Planet’s lawyer” by the 2010 Change Awards. With her campaign „Eradicating Ecocide“ Polly Higgins calls for the law of Ecocide to be in place by 2020.
