University of Natural Resources and Life Sciences, Vienna

AGRANA RESEARCH SUPPORT 2021

The board is to award for 2020 one or more grants with a total of up to € 3.500,--

The grants will be awarded to BOKU graduates in recognition of completed dissertation and habilitation papers.

Priority will be given to supporting the fields of Environment and Bio-Resources Management, Agroeconomics, Agricultural policy and food science, Organic Agricultural Systems and Agroecology, Sustainability and Renewable Resources at the University of Natural Resources and Life Sciences, Vienna.

The decision on the awarding of the grants will be made by the AGRANA board after issuing a call for applications, and will be formally confirmed by the BOKU.

Applications are requested until 17.05.2021

Along with an executive summary and evidence if applicable of relevant academic qualifications, full versions of work and documents concerning its assessment, the CV of the applicant and a publication list are to be sent.

Please send application documents as one PDF-File (max. 5MB) to researchfunds@boku.ac.at.

The prizes will be awarded at an academic ceremony
