

For Authors

1.) The corresponding author (at submission that is going to work with us during the production process), must select their institution from the dropdown box in Paragon Plus, and use their email address from that institution.

2.) At acceptance, once the author engages from our Open Access email, the institution will be recognized in the CCC (Copyright Clearance Center) workflow and the author will land on a page in CCC in which they can request funding for their paper through your institution.

You may be eligible for funding under one or more agreements.

If you would like to seek funding approval under one of these agreements, please make the appropriate selection below. Note: the invoicing agreements will pre-populate key data elements in your transaction including currency, billing address and VAT information, if applicable.

If you don't wish to pay your open access charges using an existing agreement, please choose **Bill Me**.

The author will just need to select the 'Seek funding from YOUR INSTITUTION....' Option and go through the order process which will use a token and have a zero balance.

From there the admin will receive an email letting them know there is an article waiting for their approval. Once approved, the article will be made open with a CC-BY license attached.
