

Library Services - Restrictions in summer 2018

In summer 2018 a new library system will be implemented, therefore some library services will be reduced or unavailable for the time of the implementation (July, 1st –September, 30th).

Services	Downtime
Library loan, paying fines, user account	August, 20 th – September, 16 th
Hold requests, ordering items from the closed stacks online	July, 14 th - September, 16 th *
Interlibrary loan	July, 1 st – September, 30 th
Access to the library	Please check the opening hours

*Ordering items from the closed stacks: on site during opening hours via lending slip or via e-mail ub.magazin@boku.ac.at

The loan periods will be adjusted so that no item is due during the downtime. Items due before the downtime will have to be returned or their loan period extended. Unpaid fines stay in effect.

It is not possible to migrate hold requests, search profiles and the loan history to the new system.

Usage of items from the reading rooms and electronic resources (Online-catalogue, BOKU:LITsearch, EZB, DBIS, BOKU:ePub) will be possible without restrictions.

Attention: Due to the extent of the implementation delays are possible, we apologise for any inconvenience.
