

All outer areas of the three BOKU Campuses

- **BOKU Campus Türkenschanze,**
- **BOKU Campus Muthgasse, and**
- **BOKU Campus Tulln**

as well as our external sites **BOKU Versuchswirtschaft, Versuchszentrum Jedlersdorf, Forstlicher Versuchsgarten „Knödelhütte“, BOKU Lehrforst-Zentrum and BOKU Wassercluster Lunz** are included in this year's BOKU BioBlitz.

The challenge areas are highlighted in blue and all (native) species recorded with the ObsIdentify App from April 30th until June 27th will automatically be added to the Challenge!
